Our Promise

To save lives and end breast cancer forever by empowering people, ensuring quality care for all and energizing science to find the cures.

Affiliate History

Founded in 1994, our Affiliate proudly serves 47 counties in Central and Western Oklahoma. Our year-round fundraising efforts, including the OKC & Lawton Race for the Cure® events, Paddle for the Cure®, and the Pink Tie Ball®, benefit community programs providing breast health education and awareness, breast cancer screening, diagnostics, and treatment services for uninsured/underinsured, medically underserved Oklahomans. Since 1994, we have invested over \$10 million in the local fight against breast cancer. A complete listing of current grant recipients is provided on the reverse side of this sheet.

2014-2015 Community Grant Recipients

COMMUNITY HEALTH CENTERS, INC.:

Navigating Our Women (NOW)

The NOW project will target, qualify, and provide 700 low-income, medically underserved and uninsured women living in Oklahoma County providing them with free digital screening mammograms. Referrals will be made for women in need of a diagnostic screening or treatment to Mercy's Project Early Detection. All women also receive a free clinical breast exam. Call 405-769-3301

MERCY HEALTH CENTER:

Project Early Detection

The purpose of Project Early Detection is to provide breast health services to women of any age, race or ethnicity that is medically underserved and/or economically challenged. The services provided will include screening mammograms and diagnostic testing as well as appropriate treatment referral if a cancer is detected. Call 405-936-5455

OKLAHOMA CITY INDIAN CLINIC:

Pink Glory Breast Program

The purpose of the Pink Glory Breast Care Program is to provide breast health education and navigation services for American Indian women in Central Oklahoma, primarily Oklahoma County. This program provides culturally appropriate and evidenced-based one-on-one education and reminder notification to ensure women are able to receive the appropriate and timely breast care needs necessary for early detection and prevention of breast cancer. Call 405-948-4900 ext. 693

OKLAHOMA PROJECT WOMAN:

Central and Western Oklahoma

Oklahoma Project Woman, Inc. (OPW) is a statewide program providing access to free mammograms, diagnostic procedures and surgical services for women with no health insurance and limited financial resources. Oklahoma Project Woman serves women and men of all ages, with a primary focus on women 40 years and older, who possess income levels that are no more than 185% of the poverty level. These women do not have Medicare or Medicaid. Call 1-877-550-7465
